HARSHIT JETWANI

B.Tech Computer Science Student (Data Science)

EDUCATION

- **Bachelor of Technology (B.Tech) –**
Computer Science Engineering (Data Science)
Swami Keshvanand Institute of Technology
Currently Pursuing
- **Class 12th**
Akashdeep Public School
- **Class 10th**
Maheshwari Public School

SKILLS

- Python
- Java
- C Programming
- C++
- Data Structures & Algorithms (DSA)
- HTML
- CSS
- JavaScript
- SQL Basics
- OOPs Concepts
- Problem Solving

EXPERIENCE

FRESHER

Currently focused on academic learning, personal projects, and developing practical skills through hands-on coding and software development.

PROJECTS

- **AI Business Analyst Agent**
An AI-powered business analysis platform that solves real-world data analysis challenges. Users can upload any Excel or CSV file, and the system instantly generates a comprehensive summary, key insights, and visualizations. It can forecast future trends, detect anomalies, and provide actionable insights to support data-driven decision making. The platform includes an AI chat interface that allows natural language interaction—users can ask questions about their data and get accurate, context-aware answers. It also auto-generates professional reports and dashboards, saving significant manual effort and enabling faster, smarter business decisions.
- **E-Library Management System**
A web-based library management system that digitizes library operations. It allows users to browse and search books, issue/return books, and manage user records. It simplifies and automates the entire book management process, making it efficient and user-friendly.

CERTIFICATIONS

- **NPTEL – Java Programming Certification**
Scored 72/75 in the examination.
